

Academic Year in French in Quebec City 2018-2019 for International Students

Duration: 10 months

Dates: end of August 2018 to end of June 2019

Language Proficiency:

Pre-intermediate French level (A2)

School: International Baccalaureate Private School (IB)

This **French Academic Year program** offers a unique opportunity to learn French and discover French-Canadian culture by integrating into a secondary school program (grades 7 through 11), while living with a French-Canadian family and by participating in cultural activities and excursions.

The **Academic Year in French** offers a complete immersion in French-Canadian culture and language as well as the opportunity to attain an advanced level of French. This program will also prepare the participant to function successfully in French language post-secondary academic institutions in Quebec.

Participants are assigned to a local educational institution, and hosted by a local francophone family.

Host Families

Students live with their host family on a full board basis. Families include their guest in their family activities and share important aspects of their culture. They share day-to-day life, including leisure and outings, and in return they are asked to comply with the family rules. Host families are local French-speaking families, screened and selected to ensure an optimal cultural experience.

In addition to screening host families, Edu-inter offers support 24/7, as well as monthly reports to inform parents of their children's social and academic progress.

École Secondaire

The program is offered in collaboration with a number of high school-level institutions in Quebec City, called *École Secondaire*. In Quebec, the *école secondaire* covers grades 7 through 11, situated between elementary school and CEGEP. The CEGEP institutions prepare students to enter university.

The institutions participating in this program are private schools, and schools with special orientations.

Life in *Secondaire*

Program participants have an opportunity to live and learn in the most natural (and effective) way possible: through interaction with peers. Participants are integrated into the academic program as well as the school life. They are able to participate in extracurricular classes and sports, and other school events just as the local students.

Ongoing French and Academic Support

Students who begin the academic program are required to participate in French lessons weekday afternoons for the first 13 weeks of their program. Students receive 4 hours of French instruction.

The support team has as a priority to help each student to successfully integrate and succeed in the challenging academic program. Academic support classes can be provided to students who require additional support, at an extra cost.

Summer Program

The summer program helps to prepare students for the academic year, by reinforcing their French and by introducing them to life in Quebec. It consists of 15 hours of French classes per week plus afternoon activities and weekend excursions. The program is obligatory for students who have not demonstrated a pre-intermediate French level (A2), and highly recommended for all other students. This is a 7 weeks program and it takes place between July 11th to August 24th, 2018.

Activities and Excursion Program

As part of the program, students participate in memorable activities, which may include: tour of Old Quebec, museums, Ice Hotel, Quebec Winter Carnival, trip to Montreal and many more.
